NS BULLETIN

OFFICIAL INTERNAL ORGAN OF THE
National Socialist White Peoples Party AND THE National Socialist Youth Movement

No. 210 & 211 — 1 September & 15 September 1976 YL-88

"It must never be forgotten that nothing that is really great in this world has ever been achieved by coalitions, but that it has always been the success of a single victor. Coalition successes bear by the very nature of their origin the germ of future crumbling, in fact of the loss of what has already been achieved. Great, truly world-shaking revolutions of a spiritual nature are not even conceivable and realizable except as the titanic struggle of individual formations, never as enterprises of coalitions.

Adolf Hitler, *MY STRUGGLE* II:7

NATIONAL SOCIALISM RECEIVES POPULAR SUPPORT IN CHICAGO

During the latter half of August members of the Chicago Unit undertook a number of activities which show that National Socialism is becoming more acceptable to average White Americans – especially in areas threatened with Black invasion, like Southwest Chicago, where NS activists have been concentrating their efforts.

On 15 August Party activists passed out WHITE POWER newspapers and leaflets to people on the Southwest side. They met many sympathetic Whites, from age 6 to 60, who took their literature and expressed their support for the White man's fight.

Party activists head into Southwest Chicago for literature distribution.

A view of the Chicago Unit's White Power van as it leaves Nathan Hale Park.

On 21 August a group of Party workers in White Power T-shirts deployed in Marquette Park, the scene of many recent racial confrontations and located on the route of an anticipated nigger "civil rights" march later in the day. The men were very well received as they passed out leaflets and sold Party newspapers to interested Whites, and people for blocks around came out of their houses to get literature. As the word spread of their presence, large groups of White youths began to come to the National Socialists for material. Cars began driving by, from which shouts of "WHITE POWER!" could be heard. Whites in the crowd expressed their support, saying "right on!" and "We're with you all the way!" The only incident occurred when a local Jew claiming to be a 'Nazi' succeeded in inciting a gang of uninformed youths to attack the National Socialists. When the young people realized who our men were, most of them broke off. Those who were slow to learn were quickly taught an important lesson – unfortunately, not before two of them were severely beaten. Needless to say, while all this was going on the Jew cowered behind the scenes at a safe distance from National Socialist fists. After the interruption, the activity continued without further incident until the supply of literature ran out.

The next Saturday, unit activists got an early start for a full day of activity. First the ST, in full uniform, marched through Southwest Chicago carrying White Power signs. Then they boarded the unit's White Power van and went to Nathan Hale Park to "attend" an anti-busing rally being held there. The ST deployed on the sidewalk about a block from the rally site and marched with White Power signs. As the van pulled up near the rally platform the men began

chanting "What do we want? – WHITE POWER!" At this point hundreds of people converged on the spot where the ST were stationed and snatched up leaflets and newspapers as fast as the National Socialists could hand them out. The crowd joined in the chanting, and within 15 minutes its numbers had swelled to over 200.

Unfortunately, the ST were forced to leave by the police, who are compelled to enforce certain anti-NS laws in the city. The van was barely able to exit the park due to the number of people around it, and the ST had to clear a path to get it out. As the vehicle pulled away, the people yelled "WHITE POWER!" and gave the White man's salute. The van returned to the headquarters building to replenish the exhausted supply of literature, and went on to Marquette Park. The rest of the day was spent cruising through that area, with the people saluting at the sight of the Party vehicle wherever it went.

Milwaukee National Socialists Break Up Race-Mix Meeting, Defeat Anti-NS Creeps

On one Saturday in mid-August Milwaukee ST men passed out literature to passersby near the state fairgrounds. It didn't take long before an assortment of Jews and anti-NS types started a fight with the ST men, who obliged and quickly proceeded to pulverize them. Several creeps were injured. One National Socialist was arrested, but later released. The engagement was given publicity in the *Milwaukee Star-Times,* the city's newspaper for citizens of the colored persuasion. Although the account is exaggerated and inaccurate, it does give us an idea of the reputation the Party has among our enemies in Milwaukee.

On 27 August, uniformed local Party personnel attended a public meeting at which integration plans were to be discussed. When the featured guest speaker asked the assembled White parents to sacrifice their children in the name of equality and send them to nigger-infested schools, the National Socialists fiercely denounced her as a race-mixer and a scoundrel. Unable to continue in the face of such opposition, the meeting was dismissed by its co-ordinators before any race-mixing schemes could be put forth. Publicity of the event included the article reproduced at right.

On 11 September, a paper sale was conducted in the city of Racine. The activity had been underway for roughly an hour when a spaced-out hippie freak attempted to tear off the armband of an ST man. Apparently the creep didn't realize that a National Socialist is prone to react in such a situation, since he had the most amazed expression as he was taught a much-needed lesson by the ST. Over 20 squad cars of the Racine police force showed up at the scene, jamming the intersection, but not before the ST had given the freak a well-rounded "education." One ST man was arrested; police also arrested the creep after dragging him out of the gutter.

What do Milwaukee Jews think about all of this? Their hate and fear of resurgent National Socialism is expressed in the reproduced article, written by one S. Roger Hirsch, who makes another feeble effort to spread the same, old, stale ADL-style lies and distortions the Jews have been peddling for decades.

Milwaukee Star-Times August 19, 1976

Nazi's Engage in Brawl

by Carolyn Porter

A brawl between members of the local Nazi party and a group opposing them, broke out Saturday that left many injuries.

An eyewitness, Chester Hensley, gave this account of the incident to the Star Times.

About 18 Nazi's were stationed just outside of the County fair grounds in West Allis, passing out literature and shouting their usual Nazi rhetoric.

Meanwhile, a smaller group of whites opposing them were staging a small demonstration just yards from where the Nazi's were assembled. He said, they were carrying picket signs depicting Hitler as a murderer and were shouting "do you want another war."

However, in a move similar to military style, the Nazi's shouted something to each other, linked hands and attacked the opposing group, beating some of them unmercifully, he said. Only one police was on the scene when the brawl broke out and he too was attacked by the Nazi's before he was able to call for assistance, the witness said. When other police arrived, they were unable to defend off the Nazi's who had engaged themselves in a small revolution against the people

Local Nazi's Engage in Brawl

(Continued from page 1)

and the police. He said, only when the police pulled out their guns were they able to bring "the bloody battle under control." When it was over, he said, there were many injuries among the opposing group, that they had been savagely beaten.

What followed then he said, was a cop chase that had the Nazi's running into the fair and the police apprehended only two of the brawling Nazi's.

The witness also said, he overheard one member of the opposing group say he was Jewish.

West Allis police confirmed that a battle involving the Nazi's did occur and one member of the Nazi party was held but later released.

THE MILWAUKEE JOURNAL Thursday, August 19, 1976

In My Opinion:

Nazis' Emergence Follows Pattern; They Must Be Rejected — Now

Over the past year the National Socialist White People's Party (Nazis) established itself in Milwaukee. Members may be seen on Wisconsin Ave. in their brown shirts and swastikas each Saturday afternoon, selling hate literature. During a recent trial of two Nazis convicted of criminal damage to property and disorderly conduct, 23 prospective jurors were found to have virtually no knowledge of Nazism. Hitler, or of Nazi activities in this city. To consider that many of our citizens, ignorant of how the Nazi Party rose to power in Germany, could, like the Germans, become the willing dupes of lies, propaganda and violence is deplorable.

S. Roger Hirsch, M.D., lives in Milwaukee.

It is obvious to me that the Nazis in Milwaukee are following the precepts of Hitler. Hitler clearly marked the course of the Nazi Party. He wrote in "Mein Kampf":

"They [the public] feel very little shame at being terrorized intellectually and they are scarcely conscious of the fact that their freedom as human beings is being impudently abused. . . . They see only the ruthless force and brutality of its determined utterances, to which they always submit. . . . I also came to understand that physical intimidation has its significance for the mass as well as the individual. . . . Intimidation in workshops and in factories,in assembly halls and at mass demonstrations, will always meet with success as long as it doesnot have to encounter the same kind of terror in a stronger form. . . ."

Hitler Advocated the Big Lie

Hitler extolled the Big Lie. In "Mein Kampf" he wrote:

"The broad masses of a nation . . . more readily fall victims to a big lie than the small lie, since they themselves often tell lies in little matters, but would be ashamed to resort to large scale falsehoods. It would never come into their heads to fabricate colossal untruths and they would not believe that others could have the impudence to distort the truth so infamously."

Bruce stated in his book, "The Nazis":

" Hitler discovered, as the injuries wrought by the storm troopers [the brown shirts] were magnified in the public mind, that violence has a propaganda value of its own. He learned that terror as propaganda focuses discussion around its source, repelling many but riveting the attention of others." For 10 years the Nazi movement in Germany was ignored, laughed at, outlawed and considered the work of madmen. So duped was the populace by the effectiveness of propaganda and violence from which they had no immunity that many did not realize the change in their own attitudes.

We have an advantage, however; we can learn from their shattering experience. Keeping silent in hopes of not attracting publicity only encourages apathy. The Nazi Party has entered candidates in local elections here and in Chicago and Baltimore. The damaging of Jewish buildings, harassment of white and black people and picketing of local businesses has been documented in New Orleans and Chicago.

Pattern Emerging as It Did in Germany

The pattern of Nazism in the United States is emerging now the same as it was in Germany 40 years ago. In the late 1930s the German-American Bund flourished in Milwaukee. As a boy I remember seeing the Bund marching on Wisconsin Ave. Were it not for World War II, Nazi propaganda and violence in combination with citizen apathy might have propelled us into the same path as Germany.

I call on every citizen, every political, legal and educational facility of Milwaukee to reject the Nazis. Protect yourself and your community by recognizing the problem, rejecting their lies, opposing their political activities and being fearless in the face of physical affront. Think of the consequences if we allow the Nazis to preach hate and violence.

Nazis Break Up School Meeting

About 10 uniformed National Socialist White People's (Nazi) Party members Thursday night disrupted a meeting of Hayes School parents, who were discussing fall desegregation plans.

The meeting at the school, 2431 S. 10th St., was broken up after about an hour when the Nazis shouted racial slurs and obscenities and would not let others speak, according to persons who attended the meeting.

"They really didn't give us an opportunity to give the information," said Adeline Hartun, a curriculum coordinator for elementary education who was the guest speaker.

A parent at the meeting said the principal, Mrs. Amy P. Boening, chastised one of the Nazis for a derogatory reference to blacks, saying, "You don't talk like that in here."

The meeting, attended by about 25 parents, was called to recruit white pupils to transfer from Hayes to Garfield Avenue and Philipp Schools, both on the North Side.

Los Angeles Unit Combats Mexican Vandalism

A growing number of homes and businesses in Pasadena have become victims of spray-painted graffiti in recent months. Mostly committed by gangs of Mexican

HELP END FBI HARASSMENT!

The Party is considering possible legal action against the FBI and the Justice Department. With this in mind, Members and Supporters are asked to report to National Headquarters any instances of past or present FBI harassment and/or intimidation against them, as well as any evidence of COINTELPRO-type operations against the Party and its leaders. If you have ever been approached or threatened directly, or if your friends, neighbors, employer or members of your family have ever been questioned, pressured or told rumors about your Party affiliation which has resulted in personal unpleasantness or hardship, please let us know.

Also, remember that under the recent Freedom of Information Act, you have a right to see your FBI file. Any evidence you uncover of FBI skulduggery should be forwarded to National Headquarters.

youths, this vandalism has been defacing the property of decent, law-abiding White people who are trying to keep their homes and property in good repair. Unfortunately, many home-owners feel that there is nothing that can be done to stop this problem, and have given up the fight against graffiti.

Responding to this community problem, the North Los Angeles Unit has launched "Operation Paint-over." This effort has two phases of action: (1) to paint over, free of charge, any of the unsightly Chicano excretions reported to the Party; (2) to encourage citizens to report any graffiti-painting to police and to prosecute vandals caught on their property.

To publicize the operation, specially made leaflets describing the NSWPP-sponsored community project have been distributed to pasadena residents. In addition, the project received attention in an article in the *Pasadena Star-News*, which is reproduced below.

This activity by our Los Angeles comrades should go a long way toward giving our Party a good local image and increase Party support among the White citizens of Pasadena.

Pasadena Star-News Friday, August 27

Nazi party said still planning HQ in Pasadena

By DICK LLOYD
Staff Writer

The American Nazi Party (National Socialist White People's Party) is still planning to open headquarters in Pasadena, spokesmen told the Star-News.

The organization has closed its office in El Monte and presently maintains no headquarters, although leaders have moved to Pasadena. The group intends to open headquarters in Pasadena in September, but plans and location aren't definite.

Nazi leader Martin Kerr continues to maintain the party is "getting away from confrontation" tactics in favor of community support activities. He cited one example of painting over graffiti-covered walls.

"We're trying to get in the community and help out," he said. The white supremacy goals of the party remain the same, he said.

Midwest Regional Leader Cedric Syrdahl congratulates John Logan after his promotion as Chicago Unit Leader on 4 September. Richard Steele was appointed Unit Secretary the same date at a meeting in the Regional Headquarters in Chicago.

WHITE POWER Message Now Broadcasting in Greater Houston Area

Houston Organizer Jimmy Clendennen reports the great news that a new WHITE POWER Message unit is now broadcasting the Party's view in the greater Houston area. This newest WPM was purchased and installed in mid-September after a concerted effort by unit members to acquire this valuable publicity tool. The Message deals with issues of vital concern to the White people of Southeast Texas, including the illegal alien situation and the growing Black crime. If you would like to tune into the Message, the number is:

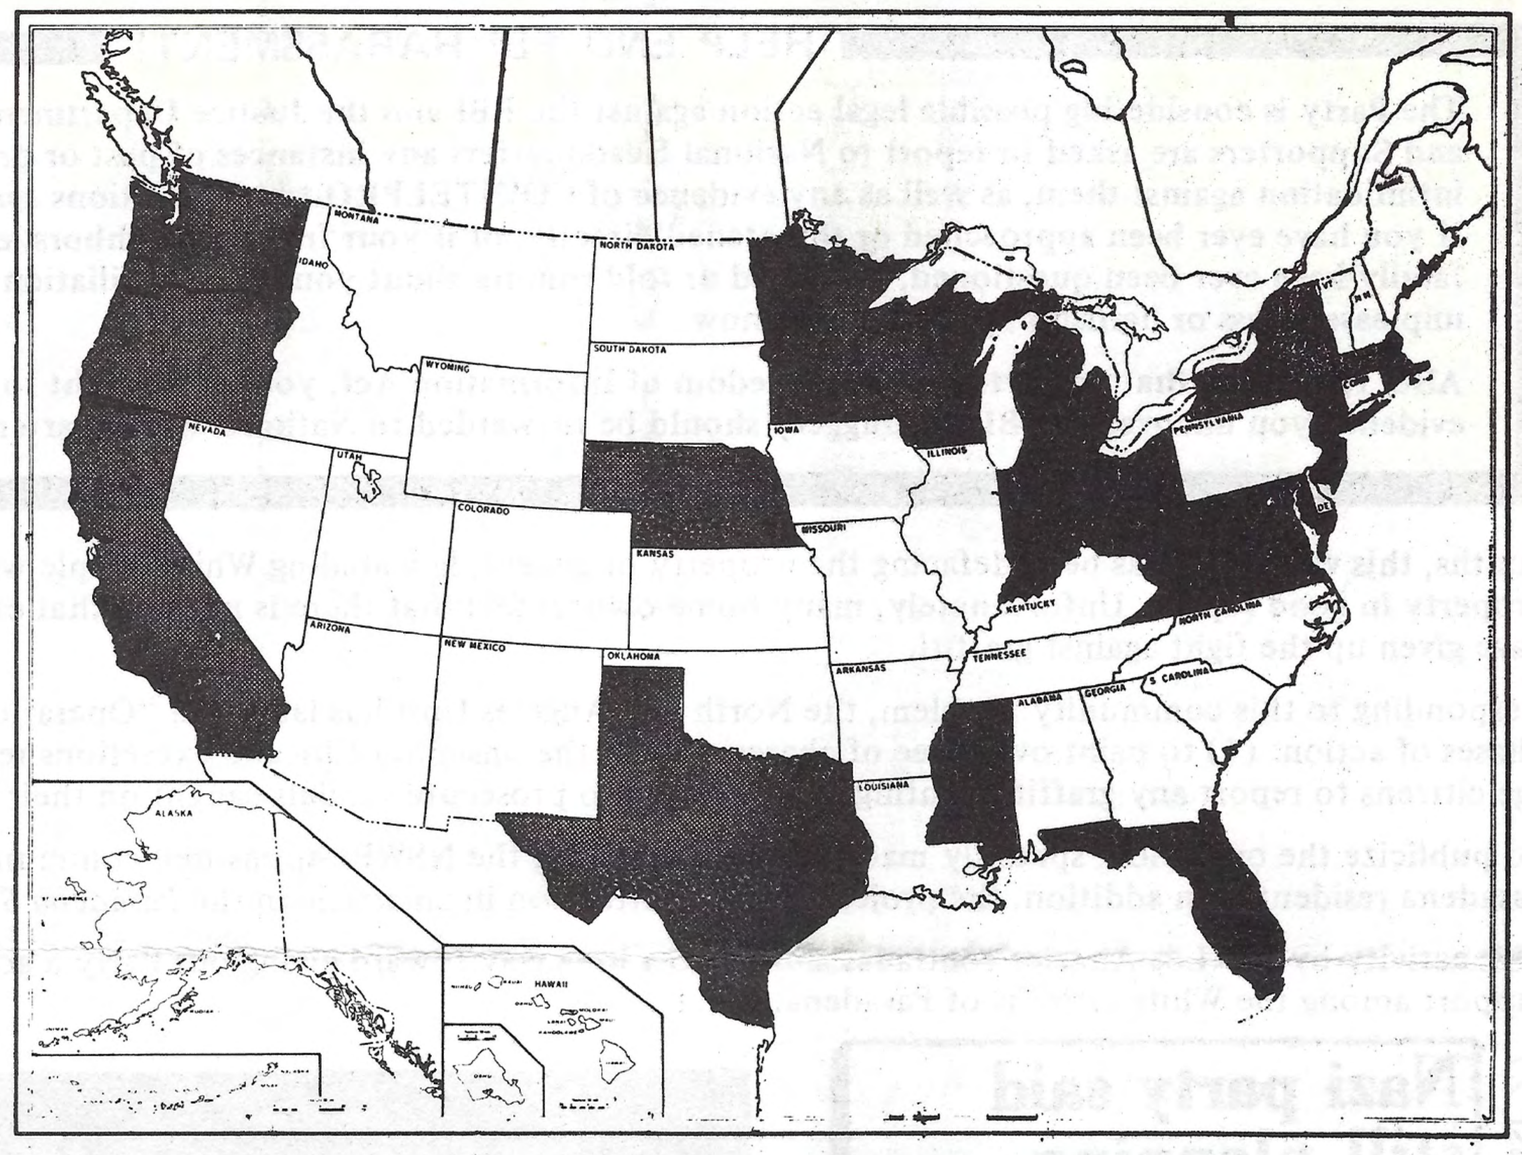
Progress Report on Three-Year Plan

During the month of August, $1,093.50 was donated to the Three-Year Plan from comrades in 19 states and 4 countries overseas. This brings our overall total to $19,425.49, which is 22% of our goal of $88,888. A little over 35% of the time allotted for the Plan has elapsed since its start in the fall of 1975, so we are behind at the moment. If we are to meet our goal by 20 April 1978, an increased effort on the part of every National Socialist comrade will be needed.



IS YOUR STATE MISSING?

Keep in mind that the purpose of the Plan is not to build up a huge bank account, but to raise the vital funds necessary to propel the Party toward a mass-movement phase. $88,888 represents the *dollar cost* of building National Socialist power in America at this time. The funds you contribute now will be used in the next two years in important projects which are necessary to transform this Party into a professional organization capable of seriously challenging the enemies of our Race. The sooner we can undertake these projects the faster the National Socialist White People's Party will grow. So don't wait till later to do your share!

Listed below are the initials and amount of contributions from those comrades who did their share in August.

At Last — A Complete Photo Album on the Waffen-SS!

NS Publicatons has just received a shipment from Germany of the great new book, *Wenn alle Brüder schweigen (When All Brothers Are Silent)*, which is the most comprehensive photo collection on the Waffen-SS between two covers. This beautiful album contains page after page of prints — 1,115 to be exact — with an appendix of color plates showing the uniforms, ranks and insignia of these finest of National Socialist warriors. Within its 584 pages is a unique and all-encompassing pictoral history which words alone cannot describe.

This edition is designed with the American audience in mind, having both German and English text and captions, and containing mostly shots which have never been seen in this country before.

The historian, military collector and Waffen-SS enthusiast will find this a fascinating insight into every phase and aspect of this elite Aryan force, from its recruiting and training to its participation in combat on every front of the European theater. *Wenn alle Brüder schweigen* is also of value to the student of German, as its dual captions provide an unusual and interesting way to acquire the language.

This truly impressive volume measures a large 12" x 9" x 2" and makes a wonderful Christmas gift. It is especially appropriate since proceeds from the sale of this book will go directly toward furthering the aims for which the Leader's soldiers fought – and not to some Jewish department store merchant.

All yours for $32.

(Like all other orders to NS Publications, we should be in receipt of your order for this book no later than 1 December to assure delivery by Christmas.)
